Clark Atlanta University
Department of Computer & Information Science

Editor's Corner. Greetings Everyone! The Department of Computer & Information Science has just completed another successful academic year. The students and faculty worked very hard, and from all reports, the hard work paid off. Our new graduates are taking their places in government and industry; some are continuing their education in pursuit of terminal degrees at other institutions. We would like to recognize our 2005 graduates in this newsletter at this time. **BS Computer Information Science:** Adrian Adderley, Oluwaseun Akinyosoeyo, Papa Arkhurst, Rochelle Black, Duane Cameron, William Cleman, Latisha Davis, Serge Durand, Tracis Edwards, Chini Everette, Sirmelika Fraser, Sonya Heilig, Adesuwa Iredia, Kimberly Keitt, Joseph Lee, Chandra Morgan, Tokunbo Onabanjo Jr., Katreia Sheffield, Brandy Smith. **BS Computer Science:** Antione Johnson, Tiffani Sturdivant, Jamar Thomas, Shelia Washington. **BS/MS Computer Science:** Melissa Alfred, Douglas Brown, Jason Browning, Monica McKendrick. **MS Computer Science:** Wayne Farrell, Monteusz Monroe, Gloria Pinckney, Alonzo Mumford. Best of luck to you!

Community Outreach. The CIS Department took its robotics team to the Creekside High School technology class for an in-house demonstration. The students were able to interact with the robots with simple programs they were able to modify. The picture below shows the robot training to follow red objects using the cone. Contact us to visit your school. (See Contact Us.)

Creekside High School Robotics Demo

CIS Industry Advisory Committee. The CIS Department took the first steps this year in creating an advisory committee. The purpose of the CIS Industry Advisory Committee (CIAC) is to ensure CAU continues to provide the work force with quality Computer Science and Computer Information Systems graduates who are able to perform at or better than expected levels. The CIAC consists of representatives from the CIS Faculty, Ford, Federated Systems Group, and Chik-Fil-A. All considered the initial meeting a good first step. The CIS Department is looking forward to establishing mutually beneficial relationships with its industry partners.

Contact Us. Got ideas? The Computer and Information Science Department is looking for opportunities to share its' expertise. Contact us via E-mail, cis@cau.edu, or call Mrs. Hicks at (404) 880-6951.

CIS Faculty.

The CIS Faculty would like to wish each of you a safe and productive summer. They are from left to right (1st row) Dr. Roy George, Prof. Glen White, Dr. Sarah North, Prof. Mia Moore, Dr. Charles Washington (Dean, Arts and Sciences), Dr. Zhicheng Wang, (2nd row) Dr. Gerry Howe, Dr. Peter Molnar, Prof. Janth English, Dr. Khalil Sujahee, and Dr. Hsin-chu Chen.
